

MALEVOLENT MACHINES · EXPANSION

17+. Edgier Prompts, and machines that think they're better than you. Not for the family table.

HOW TO USE. An add-on, not a game on its own. Take this card out, then shuffle as many of the rest as your table can handle into the free deck: Prompts into the Judge's pile, Responses into the hands. New here? The free deck and its rules are at promptsthatkill.com/print-and-play.

AFTER THE GAME. Tell us which cards killed and which died (they are numbered MP01–MP90 and MR01–MR53) at promptsthatkill.com. The best ones end up in the box.
