PROMPTS THAT KILL · QUICK-START RULES

Flip. Prompt. Kill. Repeat.

1. Pick a Judge. Everyone else draws 7 Prompt cards.
2. Judge flips a Response card and reads it aloud.
3. Everyone secretly plays the Prompt that makes the response funniest.
4. Judge shuffles, reads every Prompt + Response pair, and picks the one that kills.
5. Winner takes the Response card as 1 Kill. Refill hands. Rotate Judge.
6. First to 5 Kills wins.

HALLUCINATION: play it instead of a normal Prompt. When revealed, you have 5 seconds to make up your own.

SAVE US: when a Save Us card appears, play the funniest instruction that tricks the machine into helping us instead.
